■ Bangalore, India | ✉ adks001@gmail.com | ■ linkedin.com/in/adks001

PROFESSIONAL SUMMARY

Results-driven Data & Product professional with over 13 years of experience specializing in product management, data analytics, and business analysis. Actively leveraging Generative AI, Microsoft Copilot, and AI-assisted analytics to accelerate product delivery, automate insights, and transform complex datasets into actionable, decision-ready solutions in corporate banking and contact center environments.

KEY TECHNICAL COMPETENCIES

Banking Domain Expertise	Stakeholder & Vendor Management	Agile Product Ownership
Regulatory & Compliance Adoption	Contact Center Analytics	Generative AI, RAG & Prompting
Power BI & Tableau	SQL & Data Analytics	AWS Cloud & GitHub Copilot

PROFESSIONAL EXPERIENCE

Synechron (Aug 2021 - Present) | PMO Lead / Asst. Manager Data BA / Product Owner

- **Morgan Stanley:** Morgan Stanley | Wealth Management Contact Center Analytics: Leading AI-driven analytics and Genesys Cloud IVR migrations to transform interaction data into actionable, role-based dashboards. Partnering with engineering squads to deploy Generative AI use cases—including call summarization and agent productivity metrics—successfully reducing manual analysis effort by 30%
- **BNY Mellon:** BNY Mellon | IAM Adoption Program: Managed a 70-member team onboarding ~1,000 global applications annually onto a centralized SailPoint platform. Standardized access governance across multiple business lines and streamlined tracking with custom JIRA dashboards.
- **First Abu Dhabi Bank:** First Abu Dhabi Bank | Core T24 Modernization & PMO: Managed PMO delivery coordinates for core T24 banking modernization and data migrations. Steered cross-product consumer protection regulation alignments and compliance mapping, achieving flawless PwC audit sign-offs.

Gravity iLabs (Dec 2019 - Aug 2021) | Business Analyst / Product Owner / Scrum Master

- **Government & Higher Australian Clients:** Spearheaded agile delivery and customized strategic Jira and Power BI dashboards to drive enterprise performance monitoring for premium public sector clients.

Tata Consultancy Services (Jan 2013 - Dec 2019) | Subject Matter Expert / IT Analyst

- **Citibank NA (Client Site):** Served as Subject Matter Expert and Business Analyst across North American retail banking applications, ServiceNow implementations, and internal Six Sigma audit portals.

EDUCATION

Bachelor of Engineering (B.E.) | Rajiv Gandhi Proudhyogiki Vishwavidyalaya, Bhopal | Graduated: 2012
